Although the Commission is approving the amended proposal because on balance the proposed changes represent a significant improvement over existing Rule 500, the Commission believes that the Exchange should continue to assess the rule's operation in order to determine whether it is appropriate to further eliminate impediments to voluntary delistings. We note that, even as amended, the NYSE's voluntary delisting rules continue to be more onerous than those of most other domestic markets.84 Therefore, the Commission expects the NYSE to review the rule's restrictions on an ongoing basis to determine if they are necessary to protect investors, or whether they unnecessarily impede an issuer in changing marketplaces.

It is therefore ordered, pursuant to Section 19(b)(2) of the Act,⁸⁵ that the proposed rule change (SR–NYSE–97–31), including Amendment Nos. 1 and 2, is approved.

By the Coommission.

Jonathan G. Katz,

Secretary.
